

Keep Safe on the Farm

LEARN ABOUT CHILD SAFETY ON THE FARM FROM FARM HERO

#farmhero

1

Stay with an Adult

Don't go wandering around the farm alone. Listen to what the adults tell you and stay safe.

Do Not Climb

2

You don't want to get trapped behind bales or fall from a height and get badly hurt. Instead climb safely in the Safe Play Area.

3

Keep Well Away

Swimming in the swimming pool is fun but water in barrels, troughs and rivers can be dangerous. You could slip and fall into the water, you don't want that to happen.

FIRE

4

FIRES ARE DANGEROUS. FOLLOW AN ADULT TO THE CLOSEST ASSEMBLY POINT

5

BE AWARE OF THE ANIMALS

All animals can bite, kick, butt and barge. Approach calmly, quietly and NEVER STAND BEHIND them, or FEED THEM BY HAND.

Safe Play Area

6

Ah, this is the best place to play, a safe area that is specially for children. Climb, swing, run, jump, explore and have lots of fun. Be a Farm Hero!
