Programme

I acknowledge that being on a farm; around horses, ponies, goats, sheep and chickens carries a risk and warrant to maintain due care and concern for myself throughout this programme/session and similarly ensure the same for any other person(s) that I am working with. I appreciate that the facilitators and the team at Happy Hoofers will not create any dangerous situation or interaction and will do everything to ensure safety for all throughout the programme/session and I shall not assign any direct liability thereto for any situation or issue that might arise. I have been made aware of safety on and around Tor View Farm and the potential risks. The animals can bite, kick, butt and barge if alarmed. Although this is extremely unlikely, in the event of such incident I will not hold Happy Hoofers or any members of the team liable in any way.
